

## Instructions for QR Code Generation

**Step 1:** Go to website <https://the-qrcode-generator.com>

**Step 2:** Select “FREE Text” Tab/Menu and Enter the Asset Details in Text Area.

**Step 3:** Corresponding Static QR Code will be Automatically Generated at right side of the Text Area for the Entered Asset Details.

The screenshot shows the QR Code Generator website interface. The browser address bar displays [the-qrcode-generator.com](https://the-qrcode-generator.com), with a red arrow pointing to it labeled "Step - 1 ( Go to this Website)". The website has a green header with "Sign In" and "QR Code Generator". A left sidebar contains navigation links: "QR Code", "Scan", "Generate", "About", "What's a QR Code?", "Privacy", "Terms", "Imprint", "More", "PDF Mergy", "Screencastify", and "Screen Recorder". The main content area features a "FREE TEXT" tab selected, with a red box around it and a red arrow pointing to it labeled "Step - 2 (Click this menu & enter asset details)". Below the tab is a text input field containing "Scheme Name - Asset location - Asset Name - Asset Quantity - Asset details", also highlighted with a red box. To the right, a "SAVE" button is visible. Below the input field, a "Static QR Code" section displays a QR code, with a red arrow pointing to it labeled "Step - 3 (Corresponding QR Code)". At the bottom of the page, there is a text prompt: "Do you need to change the content of the QR Code after it has been printed? Or do you need statistics? Sign In with Google and convert your Code to a Dynamic QR Code."

**Step 4:** Click save, enter the suitable asset name, choose desired format (PNG, SVG, EPS) to download the QR code.

The screenshot shows the QR Code Generator website interface. The main content area displays a QR code and a 'SAVE' button. A modal dialog box titled 'Save QR Code' is open, prompting the user to enter a filename and select a format. The filename field contains 'Asset Name' and the 'PNG' format is selected. Red arrows and text annotations highlight the 'SAVE' button and the filename/format selection area.
